

You. At your best.

HUMAN RESOURCES MANAGER

Baptist Health South Florida is a place for people who take pride in reaching their goals, but never rest on their accomplishments. It's a community where quality always comes first. Where we live our mission and share our vision. Come find out why Baptist Health is the best place for you to be your best and become even better at what you do.

As Human Resources Manager, you will manage human resource day-to-day activities and programs in accordance with Baptist Health South Florida mission and values. Our leaders will seek your expertise in the areas of policy and procedure interpretation and employee relations. You will act as a liaison and business partner to hospital and corporate departments assisting in identification and resolution of issues. This key, fast-paced position will support Mariners Hospital in Tavernier and some corporate areas and requires travel between Tavernier and Miami.

Bachelor's degree in Human Resources or Psychology with a minimum 5 years of HR experience dealing directly with employee relations and management issues is required. Demonstrated ability to coordinate multiple priority projects, knowledge of state and federal legislation, and experience responding to unemployment claims and employee grievances is needed. A Master's degree and previous leadership position in Human Resources is desired; PHR/SPHR preferred.
